News from Our CD

Wow! it is almost the end of May. It is hard to believe Summer is almost here. Beautiful days for riding. We are hoping a lot of Chapter M will be going to Buckeye Rally in June. Norma and I are going. We always have a good time there. Buckeye Rally is June 17,18,19 and leave the 20th of June. After a year of covid and the winter we are happy to get to see everyone.

News from our MEC

June: Buckeye Rally is upon us. We as Chapter M have the job of manning the MEC booth on Fri. from 11-2 and on Sat. from 9-11. I will be there and would like some company, if anyone would like to join me.

We had 7 go to our Dinner ride to O'Charleys.

All went well even the rain.

Well, that's about all for now.

See you at the Rally.

MOM

A FEW WORDS FROM YOUR ACD'S Roy & Becky

Since I really do not have time to write a newsletter article until after the rally; I thought I would submit one of my favorite treats. This little treat has just the right amount of sweetness for when you need just a little something to get you through the day. It is KETO friendly, diabetic friendly, will not raise your blood sugar that much if at all. I promise to catch up with the news after Buckeye Rally.

Also we have had a decent turnout for dinner rides, pizza/ice cream night. Only a few bikes showed up for our first ride. Hopefully ride participation will increase.

Becky

KETO FAT BOMBS

1 -8 ounce package cream cheese (softened)

1- 12 ounce jar of Cashew Butter or you can use Almond butter or Peanut Butter as long as the nut butter has no added sugar and is natural.

Basic recipe: add cream cheese to nut butter and with electric mixer beat until smooth. Using a teaspoon or a cookie scoop, scoop mixture onto a wax paper covered cookie sheet and place in freezer until firm. Keep these in a freezer bag in your freezer. Makes about 30.

Ok that's the basic recipe: Now comes the fun part. I always add ½ cup of mini chocolate chips, and ½ cup of UNSWEETENED coconut to mine. You can also add, ½ cup of chia seed or chopped up nuts of any type for crunch.

With the additions, the recipe usually makes about 35. Remember the idea is that this is a healthy treat so be careful about using sweeteners, and other ingredients that would add carbs or sugar.

Becky

MULTI CHAPTER MAINTENANCE DAY

Saturday May 1st was Maintenance Day at our house. We were supposed to have 6 bikes to work on. We ended up working on 4 bikes due to scheduling conflicts and illness.

The following work was performed:

4 anti-freeze changes

2 engine oil changes

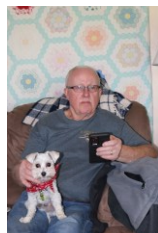

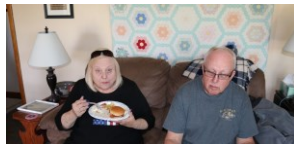

1 differential oil change

The rest of the day was spent eating and visiting. We had a great time! 18 people were there to either work or visit. We want to thank everyone who brought food and drinks, and those that came to help work on the bikes. We are fortunate that we have so many members that are knowledgeable about our great touring machines and that they are willing to share that experience with others.

Plan on getting bikes worked on next year so we can make this a bigger end even better event!

Keep On Ridin'

Kevin and Sally Valot
